

Lithium Polymer cells

Lithium Polymer standard series pouch batteries. A flexible solution for a wide range of devices such as wireless applications or as emergency backup.

The Lithium Polymer standard series are designed with a low self-discharge for a long cycle life. The cells are thin and lightweight, plus the moldable and customizable design makes them perfect for a countless number of application areas.

FEATURES

- Low self-discharge
- Thin and light weight
- Moldable and customizable design
- CE, UL, IEC62133, UN 38.3 and RoHS certified
- High energy density

APPLICATIONS

- IoT
- Wireless headphones
- Electric vehicles
- Powerbanks
- Radio controlled equipment and aircrafts
- Laptops
- Wireless controllers
- Mobile devices
- Portable media players
