

GP Batteries

GP NiMH Long Cycle Life Series

GP rechargeable NiMH Long Cycle Life Series batteries. Suitable for applications that require a long charging and discharging cycle life such as most portable devices.

The Long Cycle Life ReCyko+ Series was designed for applications that require the longest charging and discharging cycle life – up to 1,000 cycles. It offers the highest charge retention, retaining over 85% charge capacity after one year, and making it especially suitable for devices such as flashlights.

FEATURES

- Can be recharged and discharged up to 1000 times
- Offers our highest charge retention
- Safe chemistry
- Not restricted in air transport
- Recyclable

APPLICATIONS

- Cordless phones
- Portable devices
- Flashlights
- Baby monitors
- Photographic devices
- Remote controllers
- Transceivers
- Personal care devices
- Gaming consoles
